

Family fun with The Lulus

STOP the words 'I'm bored' being muttered this school holidays and take your kids to see the newest craze in children's entertainment, The Lulus.

A fun filled interactive show, The Lulus is a high energy, all singing, all dancing children's extravaganza.

Come and meet the Lulus and friends on Lulu Island. There are the twins, Lu Girl and Lu Boy, Spike the sporty lizard, Neuro the clever robot and Fin the lovable baby shark. They sing, they dance, play and most of all love to have fun.

These fun and lovable characters have been designed and developed by an early childhood specialist to ensure that among all the fun and entertainment there is an underlying educational message.

Hence, The Lulus' philosophy of edu-tainment—making learning fun. The show uses theatre tricks to perform educational elements. These include singing, dancing, miming, puppetry, storytelling and audience interaction. The Lulus team believes theatre and performance is an ideal avenue to educate.

Children are encouraged to believe in themselves, eat healthy, embrace family and friendship, work together and share.

Catch The Lulus team at the Margaret River Cultural Centre, Wallcliffe Road, this Sunday; at the Busselton Youth and Community Centre, Bussell Highway, next Monday; or at the South West Italian Club, White Street, Bunbury, next Tuesday.
